Paper Dated: January 30, 2008  
Attorney Docket No. 5038-061176

This application is the national phase of PCT/KR2004/003013 which was filed on November 19, 2004. JP 2004-029743, JP 2002-169021, JP 11-044890, and KR 2004-0005420 were first cited in the International Search Report (ISR) issued in connection with the corresponding PCT application and are relevant for the reasons discussed therein. A copy of this ISR is not included herewith since it was previously submitted on July 31, 2006 as acknowledged by the Notice of Acceptance mailed March 27, 2007. JP 2002-169021 is relevant because it discloses a polarizing reflection element having a plurality of laminated cholesteric liquid crystal layers, each consisting of an arrangement of polymerized and helical liquid crystal molecules. A copy of each of these foreign references as well as an English-language abstract thereof is included herein.

Since this Information Disclosure Statement is being submitted before the mailing of a first Office Action on the merits, it is timely under 37 C.F.R. §1.97(b)(3) and no fee is required. However, the Commissioner for Patents is hereby authorized to charge any additional fees which may be required to Deposit Account No. 23-0650. Please refund any overpayment to Deposit Account No. 23-0650.

Respectfully submitted,
